swisspartners Group expands its service offering in the real estate business

Zurich, 29 March 2023 – swisspartners Group AG is strengthening its services for private clients and their companies by merging with Decimo Immobilien AG, Rapperswil, as of now. Together, they will further expand the capacity in the real estate business in the greater Zurich area and the Upper Lake Zurich region, while simultaneously broadening the service offering.

The merger enables the swisspartners clients to access an even larger, experienced, and highly qualified team in property management, real estate consulting, project management, renovations, and brokerage at the Zurich and Rapperswil locations, led by Ralph P. Schuler, Fabienne Decimo, and Rico Decimo.

"The merger with swisspartners Group enables us to offer our clients a wider range of services from a single source in the future. The increasing digitization and automation are also taken into account with the merger," said Rico Decimo, Chairman of the Board of Directors and Partner of Decimo Immobilien AG.

In addition to asset management, swisspartners Group offers customized and technology-supported fiduciary services in the areas of tax consulting, relocation, accounting, payroll administration, company formation, corporate law, succession planning, family office services, and estate planning. These services are aimed at wealthy individuals and their companies, enabling them to preserve and protect their wealth for themselves and the next generation.

Markus Wintsch, CEO of swisspartners Group: "We are delighted to be able to further expand our market presence and serve our customers in the real estate sector in the greater Zurich area and Upper Lake Zurich region with this merger. As a financial services provider, we are meeting a growing customer need."
