swisspartners Group announces renaming of Decimo Immobilien AG to swisspartners Immobilien AG

Rapperswil, September 29, 2025 – The swisspartners Group announces that Decimo Immobilien AG, acquired in 2023, will now operate under the new name swisspartners Immobilien AG. With this step, the Group is underscoring its strategic focus on a uniform market presence and an even stronger positioning in the field of real estate services.

Decimo Immobilien AG has been known for many years as a reliable partner for private and institutional property owners. Through its integration into the swisspartners Group, existing and new customers will benefit from an expanded range of services, a high level of professional expertise, and integration into a broadly based, internationally networked financial services group.

“The name change is a logical and consistent step in our development. It creates clarity in our market presence and signals to customers: Here you get real estate expertise at the highest level – combined with the advantages of a strong group of companies,” says Markus Wintsch, CEO of the swisspartners Group. Ralph P. Schuler, CEO of swisspartners Immobilien AG, adds: “We combine modern digitalization with the care and tradition that our customers have valued for years – this is how we are shaping the future of our real estate services in a conscious and responsible manner.”

The change of name will not affect customers of the former Decimo Immobilien AG: existing contacts, processes, and high service quality will remain unchanged. At the same time, the swisspartners Group network will provide additional services, including in the areas of taxation, fiduciary services, and estate planning.

swisspartners Immobilien AG will continue to serve its customers personally from its established location in Rapperswil. The range of services will be supplemented by the Zurich office, from where the expanded consulting services will be provided.
